I.Comprehension

Read the following passage, and then answer the questions below:

Many animals in the world today are in danger. For many of them, the biggest danger is humans.

People always kill animals for their meat or their skin .Others are killed because they eat crops or animals which belongs to farmers .Certain animals such as tigers and elephants, used to live in great numbers in countries like India. People have hunted them so much that there aren't many left alive. However, there are now laws to stop this.

In South America, many different birds and animals have lost their natural homes in the forests because thousands of trees have been cut down or burnt. People then use the land for farming or for building roads and towns. We are too late to save some animals. A few are now extinct. There are none left anywhere in the world. Others are only alive in the zoos or special parks . Zoos are important because they can help some animals to live. It is also possible to care for animals and learn more about them in zoos.
