### 3. Reading Comprehension

2

Read the following passage. Then, answer the given questions:

Teenage is a very important stage in human life. It is full of stress. There are many things that make teenagers feel stressed and cause teenage stress.

What is stress?

Stress is the mental and physical strain or the nonspecific response of the body to any demand made upon it. Stress is a chemical reaction that takes place inside the body when there is a basic need to adapt to or resist changing internal or external influences. It is a response meant to return the body and mind to a state of equilibrium and balance.
