Language Builder

Explain that we can use the present progressive to express definite plans in the future. We usually use future time expressions, such as *tonight*, *tomorrow*, *next month*, *later*, and *in a few minutes*. For example: *I'm watching a film on TV tonight. I'm leaving in a few minutes. We're visiting friends later.*

Language Builder

A plane arrives at a gate and departs from a gate.

For example:

*Flight AA345 is **arriving at** Gate D20 at 8:00.*

*Flight SV633 is **departing from** Gate B7.*

Language Builder

The negative of *will* is *will not* or *won't*. Although *will* is used for indefinite plans, *won't* can be used to express a strong specific refusal. For example: *I don't like that hotel. I won't stay there. I don't like that restaurant. I won't go to eat there.*

Teaching Tip

If possible, arrange the seats in your classroom so that students are not sitting in straight rows facing the front of the room. The purpose of learning a language is communication. It is easier for students to communicate with you and each other if they are facing each other. A half-circle or open-sided square usually works well. For pair or group work, encourage students to move their desks around so they are facing each other or are in a small circle.

Additional Activity

Have students find out about the arrival and departure times for three international flights from their city or a city nearby scheduled in the coming week. Have them report their findings at the next class.

- Airplanes travel on “highways” in the sky called airways. Airways are about 32 miles (52 kilometers) wide, and of varying altitudes. While you’re flying one way, another airplane could be flying in the opposite direction above you!
- English is the international language of air traffic control.
