Reading comprehension

Coffee.. After water, coffee is the most popular drink in the world. It has many positive properties that are good for your health. Drinking coffee can help reduce the chances of getting some many other diseases.

Coffee has had a long and interesting history on its road to becoming the much-loved drink that it is today. The coffee was first discovered in Africa in the 9th century. Even though the drink we know as coffee is well known all around the world, most countries have their own special way of making it. For example, Turkish coffee is made by mixing very finely ground coffee and sugar in a small pot with a long handle. While Italians drink small cups of espresso every day and usually don't even sit down when they order it; they drink it and leave. Arab world like the Arabic coffee with the addition of cardamom and cloves . They usually drink it with a kind of dessert or dates.

Answer the following sentences with True (✓) or False (✗) :

- 1) Drinking coffee is bad for your health. ()
- 2) Coffee is the most popular drink after water. ()

Best wishes ...
