

## Big Changes

## FREE COMPOSITION

 Write about the most important "**Big Changes**" in Saudi Arabia recently :

I think that allowing Saudi women to drive a car is the biggest change in Saudi society because Saudi Arabia had previously been the only country in the world where women were prohibited from driving. Public cinema returns in approximately 15 cities in Saudi Arabia. Also, Stadiums open doors to women. Beside , Live music festival and concerts are held in Saudi cities .

## Smart Phone

## FREE COMPOSITION

 Write a paragraph about the features of (**Smart Phone**) :

A **smart phone** is the most important gadget in today's world. Smartphones have made our lives better. The feature of a typical smartphone includes: Touchscreen which allows users to make use of a virtual keyboard. The modern age smartphones are powered by much larger RAMS. The biggest internal memory is a good feature because it means that a user can still download several apps.

## An Intelligent House

## FREE COMPOSITION

 Write short paragraph about (**An Intelligent House**) that you would like to have one day:

I wish to have my own intelligent home in the future which has a lot of features. For example, the doors will open with a touch of my finger. The light will come on if it is night . The climate control will be activated. There will be a robot that will do the cleaning, the washing and the cooking.
