Read the interview . Then complete the task.

Interviewer: First of all, how did you find out about the competition?

Nora: Actually, I came across it by chance while I was surfing the Internet. Then I also heard my friends talking about it at school.

Interviewer: I am sure you spent a lot of time preparing yourself for this competition. Would you please tell us more about that?

Nora: I started by reading some articles about the work of some famous logo designers. It took me four weeks to plan, prepare and edit my work.

Interviewer: Did anyone help you to design your logo?

Nora: Not directly, no. But when I was young, I remember I used to watch my father working on the design of his buildings. Then I started drawing sketches and patterns myself at the age of eight.

Interviewer: Interesting! Have you participated in any other competitions?

Nora: Locally, yes. But this was the first time I had a chance to take part in an international competition.

Interviewer: Have you thought of becoming a professional logo designer in the future?

Nora: Maybe, but my dream is actually to do what my father does - design buildings.

Interviewer: Thank you, Nora, for being with us today.

Nora: Thank you for inviting me.
