Why do you think people go there?

Bayt Naseef
How old do you think the building is?
What do you think people use this building for today?

What aspects do you think make Jeddah a great place to live?

#### READING STRATEGY

#### Finding the main idea and supporting details

The importance of looking for the writer's main argument as well as the support the writer gives for his or her opinion.

First, look for the author's main argument.

(For 12 consecutive years, Jeddah has been named a "global city" by the GaWC for offering a high quality of life to its citizens.)

Next, find information the writer gives to support this argument.

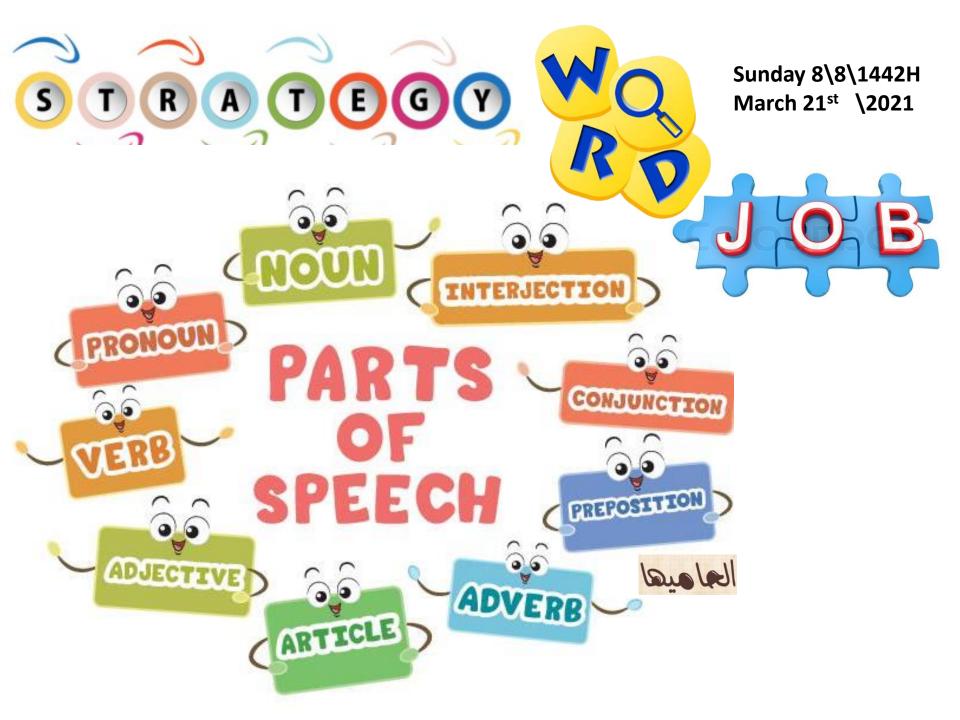

For example: a leading destination for international students and travelers:

an example of modern architectural engineering innovation; famous for its recreation; etc.

# Context Clues

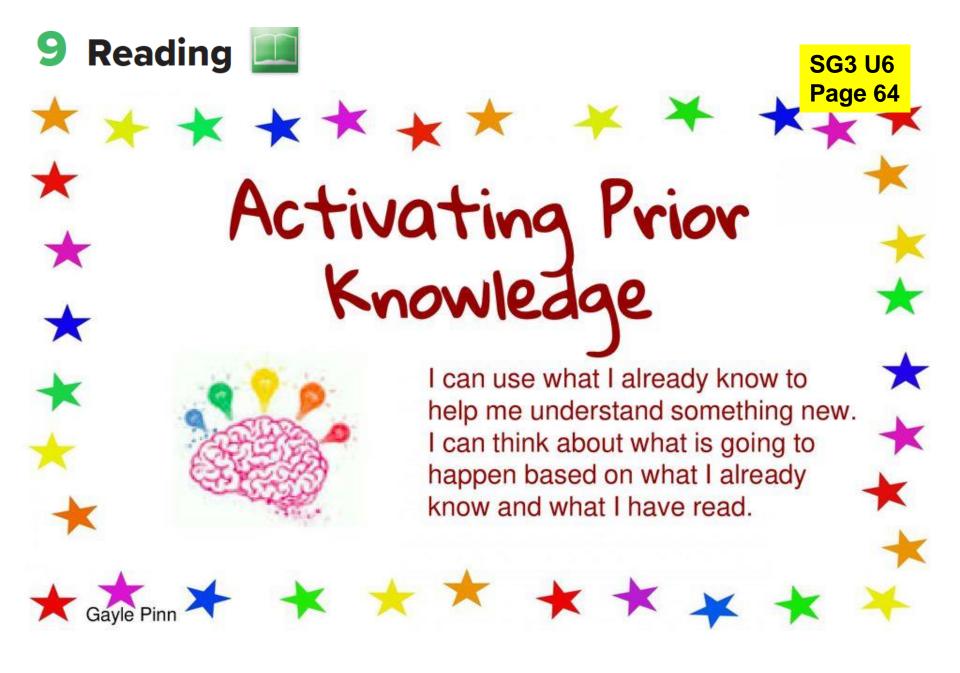

When you use clues in a story to figure out the meaning of a new word you are using context clues.

- Clues are in the same sentence as the new word and the sentences around it too.
- Clues can be found by thinking about how the word is used in the sentence.
- Clues can also be found by thinking about the main idea and details of the story.

- 1 For 12 consecutive years, Jeddah has been named a "global city" by the GaWC for offering a high quality of life to its citizens. So what makes Jeddah a global city and one of the best
- places to live in the Middle East? Residents and visitors point out several aspects relating to everyday life, such as the city's cultural diversity, modern architecture and engineering, rich cultural heritage, and high quality of education.
- Jeddah is a leading destination for international students and travelers. It has several public and private universities that provide a very high standard of academics. Jeddah is also the gateway to the Holy City of Makkah and hosts
   millions of pilgrims from around the world on their way to Hajj every year.
  - Jeddah has been an example of modern architectural and engineering innovation since the 1980s. One of the city's major landmarks is King Fahd's Fountain, the highest fountain in the world. It jets water as high as 312 meters (1024 feet) and can be seen from nearly everywhere in the city. Other landmarks include the NCB Tower, the IDB Tower, and the Jeddah

Municipality Tower. There are also plans to build the 1,000-meter high Kingdom Tower, which,

when completed, will be the world's tallest

building.

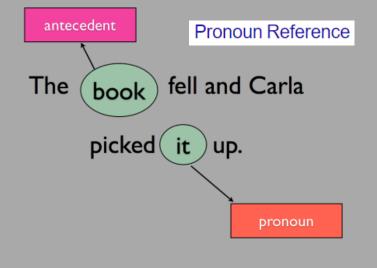

- During the 1980's, many works of art were introduced into Jeddah's public areas, making it one of the largest open-air galleries in the world. Modern sculptures, ranging from abstract works to traditional coffee pots and
- airplanes, decorate the pedestrian streets and roundabouts of the city. There are also a number of museums and galleries to visit. Bayt Naseef in Al-Balad was once home to the wealthy merchant family who hosted King Abdul
- Aziz Ibn Saud in 1925. Today, it houses a historic museum and heritage exhibits.
- The historic center of Al-Balad is a charming blend of traditional houses and modern glass skyscrapers, and its huge marketplace features a combination of traditional souqs and designer boutiques. Today, huge efforts are being made to preserve its historical architecture.
  - The city is also famous for its recreation. It is home to many famous football and athletic clubs. A light breeze cools the coast in the Corniche area, where visitors can eat at the many restaurants, relax by the beach, and have fun at the amusement park. And the beautiful coral reefs of the Red Sea are popular with scuba divers. There's always something interesting to do in Jeddah, the "Bride of the Red Sea."

### **Discussion**

What city would you like to live in? Why?

base your discussion on information you learned about the quality of life in cities from this unit

I like to live in Abha because my mother and my family live there. There is lots of parks, low air pollution and how well-behaved and polite the locals are. The climate is nice. I just love the weather of Abha.

Work in groups. Select a town or city in your country or in the world. Present its features to the class and say why you chose it.

It has a great climate, heavy rainfall, green mountains. Abha is the city of clouds and is surrounded by mountains.

In the villages, you can see houses are made of stone and mud and were built by hand.

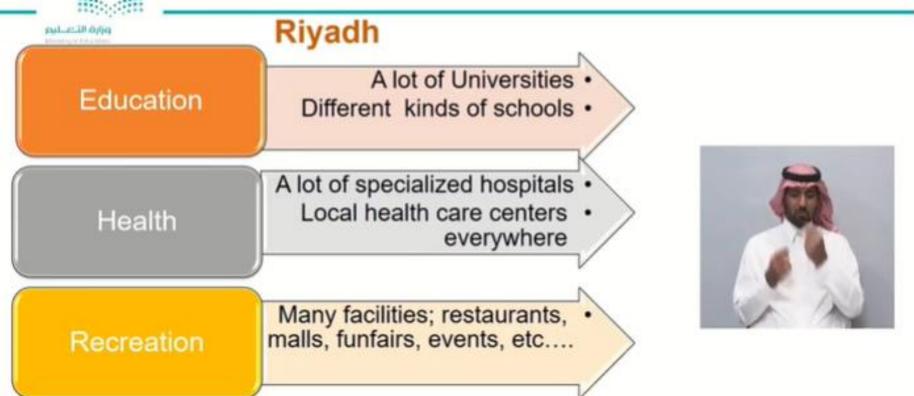

The information you want to present to the class; for example: cost of living/housing; medical, cultural, educational facilities; recreation; problems such as traffic, pollution, crime, overcrowding.

**Small Town America** 

Do you know what the expression "small town America" means? Sometimes people use it to describe living in a small town in the U.S.A. There's a big difference between the quality of life in a large city and in a small town. That's true in any country.

Some people prefer to live in the city because there are a lot of people to meet, a lot of places to eat, and a lot of things to do. The pace of life is faster in a big city than it is in a small town. So for some people, the expression "small town" or "small town America" is another way to say that something is slow or even boring.

Officially a town has to have less than 10,000 residents to be considered a small town. In other words, a small town is even smaller than a small city. Many young people who grow up in small towns leave for life in the big city. But there are those who regret their move to the big city and want to move back to their small town life. Why? Many miss the

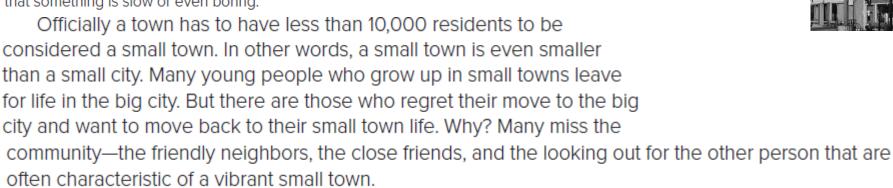

community—the friendly neighbors, the close friends, and the looking out for the other person that are often characteristic of a vibrant small town.

The top ten best small towns in the U.S.A. are voted on annually. These are the towns that people miss when they move away. These are the towns that have citizens who are excited about living in their small town. Recently, Hammondsport, New York was voted the best small town in America.

Young people in small town America often do very different things for fun than their big city counterparts. Some of the exciting things young people in small town America do include riding ATVs (all terrain vehicles), riding horses, and even riding snowmobiles when it snows!

#### **Culture Notes**

The Globalization and World Cities Research Network, commonly abbreviated GaWC, is a research group at Loughborough University in England. They study the relationships between world cities and classify them into alpha, beta, and gamma categories according to their international connectivity based on economic, political, cultural, and infrastructural characteristics.

**alpha++ cities:** In this category, London and New York stand out as clearly more integrated than all other global cities and have their own high level of efficiency.

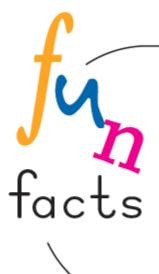

**alpha cities:** Highly integrated and very important global cities that link major economic regions and states into the world economy.

**beta cities:** These are important global cities that are instrumental in linking their region or state into the world economy.

gamma cities: These are global cities linking smaller regions or states into the world economy, or important world cities whose major global capacity is not in advanced producer services.

In 2010, the GaWC ranked two cities in Saudi Arabia as global cities: Riyadh as a beta level city and Jeddah as a gamma level city.

SG3 U6 Page 65

Surveys in 2012 ranked the following cities as the world's best places to live: (1) Vienna, Austria; (2) Zurich, Switzerland; (3) Auckland, New Zealand; (4) Munich, Germany; (5) Vancouver, Canada, tied with Düsseldorf, Germany. These surveys are based on numerous factors including quality of life, health care, education, and transportation.

#### **Culture Note**

Historic Jeddah, the Gate to Makkah was inscribed on the UNESCO World Heritage List in 2014. Located on the eastern shore of the Red Sea, Jeddah became a major port for trade routes from the 7th century. It was (and is) also a major gateway for Muslim pilgrims to the Holy City of Makkah. Thus, the historic city flourished as a multicultural center. The architectural style is characterized by the traditional use of coral building material, which is prominent in the monument of Bayt Naseef.

### Teaching Tip

A good technique to check if students have understood the material you just presented, whether it is a grammar point or a reading or listening exercise, is to ask them to summarize what they just learned/read/heard. Summarizing it will force them to show what they did not understand and will reinforce what they did understand.

### Additional Activity

Have students work in pairs to make a list of questions they would ask someone from Jeddah. Have pairs tell the class their questions. Have students summarize the types of information the class is most interested in; for example, the cost of living, the climate, recreation, etc.

### Project: Quality of Life

Have students find out about the quality of life in other cities of the world. Assign each group a different city. Have students list categories they would like to find information about. They may use those listed on page 59 or find other information such as: rate of employment, average income, number of schools and universities, and so on. Have students report their findings to the class.
