نموذج

My father had a bad accident a few weeks ago. He was driving from Dubai to Abu Dhabi. It was late at night, and he was tired so he wasn't driving fast. Suddenly he saw some camels in the middle of the road. He tried to brake, but he hit one of the camels. His car went into the sand at the side of the road. Luckily, he wasn't hurt, but the camel was killed. The car was badly injured. I think that the camels are to blame because they shouldn't be in the middle of the street.
