School Around the World

Jeddah, Saudi Arabia

I usually arrive at school before 7 A.M. Assembly is at 6:45, and we always sing the Saudi national anthem. After assembly, we go straight to the classroom. We have six classes a day. Each one lasts 45 minutes. We only leave our classroom for subjects like computer, PE, and art. School finishes at 1 P.M., but there is an optional seventh period for students who want extra tutoring. There are after-school clubs. I'm a member of the football club, so I sometimes stay after school and play football.

José

Amazon Rain Forest, Ecuador

My school is in a village on the Aguarico River. I live far from the school, so I need to get up at 5 A.M. I go to school by canoe, but when it rains a lot I stay at home. Our school has 46 students and two classrooms. There are two teachers, one for grades 1–3, the other for grades 4–6. We study all the subjects in Quechua, our first language, but we also learn Spanish. Our school has a generator for electricity, and it has a computer.

From: kaito_suzuki@mail.jp Subject: Middle school in Japan

It's fun to have a pen pal in another country! We can practice English. Today, I want to tell you about middle school in Japan.

I usually get up at 7:15. I put on my school uniform, prepare my school bag, and eat breakfast. Then, I go to school by bus. Other students go on foot or by train.

Our school day begins at 8:30. Before classes, we meet in our homeroom for assembly. We have six classes a day, four in the morning and two in the afternoon. We study subjects like language, math, science, social studies, technology, health and PE, and art. Each class is 50 minutes long, with a 5-minute break between classes. We have lunch at 12:30. Everyone brings lunch from home, and we always eat in our homeroom.

School ends at 3:30. Before we go home, we all help to clean the school. There are also many clubs and after-school activities. For example, I play baseball twice a week and I'm in the English club (that's how I met you!). On these days, I usually leave school at 5:00.

What's middle school like in Saudi Arabia? Write back soon.

Hi Omar,

Thanks for your email. Here are some answers to your questions about me. I have a small family. There's just my father, my mother, and my sister. My sister's name is Kate, and she's nineteen years old. She's at college. She is studying to be a doctor. My dad's a doctor, too.

I live in a small town about one hour from New York City by train. My neighborhood is nice and quiet, and we have everything we need right here. My school is only a couple of blocks from my house, and there's an enormous shopping mall near here. My friends and I hang out there often.

I have a parrot. His name is Gabby. Do you have a pet? I play football on the local team. The name of the team is Square United. What's your favorite sport?

Tell me more about your family, your town, and your interests.

Do you use the same words when you speak Arabic?

English Everywhere

Do you come across English in your everyday life? Some teachers and students complain that they don't use any English outside the classroom. Think about it: we read, hear, and use English all the time. For example:

- · Words for food like burger or chips.
- Computer jargon that is also used in general English, such as window, mouse, click, drag,
- Words for clothes like jeans or T-shirt.

Short greetings or abbreviations like "Hello" or

Places to visit in Saudi Arabia

Saudi Arabia's future

Our country has many assets. To build a good future, we have a vision for Saudi Arabia. Part of the vision is to share our strong culture and beautiful environment with citizens, residents, and visitors.

We are building many hotels, roads, and museums to bring visitors to see our country and history. We can help look after our natural environment so all people can enjoy it.

We are building and planning places for people to visit where they can learn about our history, culture and nature. They can enjoy relaxing holidays, too.

Environmental tourism

In the mountains of Al-Baha we protect our forests, parks, and reserves so that everyone can visit these areas and enjoy nature without harming it.

Family beach holidays

We are developing Al-Uquair to be a beach resort with many outdoor activities suitable for all ages, such as a water park and the Ocean World Center.

Cultural tourism

At Al-Ula, we are making the world's largest open-air museum. Visitors can see important historical sites and traditional art.

What do you know about traditional Eid practices in other Arab countries?

Eid

Celebrations

Eid Al-Fitr is a Muslim holiday that marks the end of Ramadan. It is the most widely celebrated holiday in the Islamic calendar. The day begins with a light snack, usually dates, and the Eid prayer. People often decorate their homes and cook festive meals for family and friends. Older members of the family offer money to children.

Many store owners offer a special Eid gift to customers to show their generosity. Everyone does their best to be kind and generous to others, especially to those who are in need. At the end of Ramadan, Muslims donate food (such as dates and rice) to the poor. This is called Zakat Al-Fitr. In some areas, neighbors place large rugs on the street. Then, each family brings a meal to share with their neighbors.

Another important celebration is Eid Al-Adha. To celebrate Eid Al-Adha, Muslims all over the world sacrifice an animal. Depending on the region, they sacrifice a lamb, a goat, a camel, or a cow. The family shares the meal with friends and donates some to the poor.

Families get together for a special meal, visit friends and neighbors, and exchange gifts.

Riyadh and Jeddah Then and

The old, oasis town of Riyadh was an area of about one square kilometer with a population of about 14,000. There were many mud-brick houses, mosques, and other buildings inside the walls of the city.

Today, most of the buildings and walls of the old city are in ruins. But the Al-Masmak fort and some parts of the walls were restored and are in better condition.

Nowadays, Riyadh is home to a population of more than 7 million people and covers an area of more than 1,500 square kilometers. Modern building complexes and skyscrapers like the Kingdom Center, the Al-Faisaliya Center, and the Riyadh TV Tower are now attractions of the new city.

Balad, the old part of Jeddah, was a group of three- to fivestory buildings with beautiful wooden balconies. The roads were narrow to protect pedestrians from the sun during the hot months and offered shelter from strong winds. All the woodwork was beautifully carved and decorated.

There were plazas and sougs, where vendors from different places showed their products. Present day Jeddah is an attractive, modern port city with tall buildings, beautiful homes, and a wide range of stores and hotels.

Khaled Al-Eid is a famous Saudi horseman. He is a member of the Saudi Equestrian Team and travels around the world to compete in showjumping events.

Khaled was born on January 2, 1969. His family has a long tradition of horse riding, and they own stables with Arabian horses near Riyadh. He was ten years old when he first learned to ride with his father. Khaled was a very talented young rider. He was successful in some racing

competitions, but he was more interested in show jumping. Khaled and his brother, Fahad, were members of the Kingdom's first international jumping team.

In 2000, Khaled was a competitor in the Olympic Games in Sydney, Australia. His horse, Khashm Al-Aan, was in good form, but there was some tough competition. Khaled wasn't sure they could do well. Finally, their performance in the jumping event was outstanding, and they were the bronze medal winners. Khaled was the first ever Saudi horseman to win an Olympic medal.

Many years later, members of the Saudi Equestrian Team were the bronze medalists in show jumping at the 2012 Olympic Games in London.

Many of the favorite foods and snacks in the world were accidents. For example, a favorite snack in the U.S. is chocolate chip cookies. In 1930, Mrs. Wakefield wanted to make cookies for her guests, but she didn't have the baking chocolate that she usually used. She used regular chocolate, but it didn't melt. It stayed in small pieces or chips. Her guests loved them, and chocolate chip cookies became popular everywhere.

Flat bread with different toppings was common in many cultures, but it became famous in Naples, Italy when they added tomatoes and cheese. At first, it was a meal for the poor, but in the 1800s it became popular with kings and queens. Today, pizza is popular all around the world.

What is your favorite place in your town? Why?

My Favorite Hangout Place

My name is Walter Tan. I'm from Alberta, Canada. My favorite hangout place is the West Edmonton Mall. The mall is one of the largest in the world, and it's a tourist attraction. There are 800 stores, a hotel, and 110 restaurants. It has an amusement park with 47 different rides. a swimming pool with a sand beach, an ice rink, an aquarium, and a miniature golf course. But my favorite place is the video arcade.

I was there with friends last weekend. We walked around to see if there were any new games before we started playing. We spent the whole afternoon there before we decided it was time to get something to eat.

I wanted to try vegetarian food, but my friends wanted to go to a new Italian restaurant. I like different kinds of food and many Italian dishes don't have meat, so I agreed. We walked in, but there were no tables. It was really crowded. So we decided to go to the Chinese restaurant near the arcade, but it was closed. They all looked at me as if it was my fault. Anyway, we went to the food court. They got sandwiches or noodles and I got salad, so everyone was happy.

Omar was born in Tabuk. His family decided to move to Jeddah when he was young. His father was a doctor and he found a job in one of the hospitals in Jeddah.

Omar was a happy child. He was also a good student and made friends very quickly. When he was in high school, he became very interested in computer programming and especially artificial intelligence. He read books and articles and tried to learn as much as possible about it.

Omar knew that his father wanted him to become a doctor and he didn't want to disappoint him, so he decided to talk to him. He told his father what he had learned about artificial intelligence and asked him to help him study and specialize in this area instead of medicine. His father was a wise man. He wanted Omar to study medicine, but he saw that his son was genuinely interested and enthusiastic about artificial intelligence. He promised to do whatever he could to support him.

After graduation, Omar applied at some of the best universities in English-speaking countries. He was accepted by almost all of them. He had a hard time deciding which country and which university to go to. He finally decided to study in the U.S. He made Dean's list in his first year and graduated first in his class. He continued with his post-graduate studies, and he eventually became the leader of a research team after he got his PhD.

Sometimes when he thinks about his life, he can still see himself playing football with his friends in Jeddah. It all seems like a dream to him. For his parents and friends, however, it is a well-deserved and successful career.

The City of Petra

The city of Petra was established around the 6th century, as the capital city of the Nabataeans. It is now the symbol of Jordan, and it is a popular tourist attraction. Petra became a UNESCO World Heritage Site in 1985.

Petra, described as "a rose-red city half as old as time," is famous for its unique rock cut architecture and its ancient irrigation system. It was included on the BBC list of "40 places you have to see," encouraging more people to visit it.

Petra was like a natural fortress protected by the rocks around it. The city owed its prosperity and success to the ability of the Nabataeans to control the water supply from floods. The water was stored and sold to travelers and other towns.

Nowadays, the site of Petra is facing a number of threats. Water erosion, careless restoration of ancient structures, and an ever-increasing number of tourists cause damage and weaken structures. The Petra National Trust (PNT) is responsible for promoting the protection and preservation of this important site.

School in the United States

My name is Ahmed. I am from Saudi Arabia. I studied in the United States for a year. It was a great experience for me. I got up at seven o'clock every day, I ate a big breakfast, and then I took the school bus. The classes were interesting, and I learned a lot. My English wasn't very good at first, but the teachers and other students helped me. I usually had lunch in the cafeteria. The food was OK, but not great. After school, I played baseball. At first, I didn't play very well, but I learned quickly. In the end, I was one of the best players on the team. I can run fast.
