Water

Water is life and the lack of water means death. Any living thing cannot go on living without water. Plants need water to grow. Animals need water to drink. People need water to drink and to use in cleaning, cooking, farming and irrigating their lands. We can get water from rivers and lakes. But the main source of water is the rain. In the desert, people dig deep wells to get water. For keeping water from being wasted, people build dams for storing water in reservoirs that form behind the dams. Water is stored in water towers that supply all the houses with pure water. Our government has set up desalination plants for treating seawater and removing the salt. Thanks be to God, the Merciful, who has created water for us. We don't need to pay for it as it is neither sold nor bought.
