When I got to the airport, I learnt the plane from Paris, on which my brother was coming, had been delayed with engine trouble. It was supposed to arrive at 11 a.m. but it would be late for about two hours. As a rule, I can pass the time quite happily watching the planes land and take off, but that evening I had a headache which I thought the noise of the engines might make worse. I decided, therefore, to walk around to make the time pass quickly.

First of all I went back to the place where I had left my car to make sure that all the doors were locked. The walk in the fresh air did me good and felt better as I entered the main airport building again. I made my way to the café where I ordered a cup of coffee. Suddenly, I heard someone calling me. To my surprise, it was my brother! He told me he had come on an earlier plane which had arrived at 10 a.m. before its appointed time.
