3-Read the text then answer the Questions:

Cell phones are definitely part of today's youth culture. Ninety-five percent of U.S. teens have access to a smartphone, and soon over 60 percent of kids ages 8 to 12 will have them, too. Students in grades 7 through 12 spend an average of more than an hour a day talking on their cell phones. That's about the same amount of time that they devote to homework.

Put (T) for true Or (F) for false.

1- Ninety-five percent means 95%.	
2- soon over 60 percent of kids ages 8 to 12 will have them, too.	
3- Students in grades 7 spend more than twelve hours a day talking on their cell phones.	

4- Name the pictures:

smartphone

Herbal tea
