D. a popular

18- The Khalifa Tower in Dubai is 830 meters tall. It is ..... man-made building in the world.

A. the most

B. taller than

**C. the tallest**

D. tall

---

### Is Email Good for Social Relationships?

Most people think email is a helpful invention. It allows friends and family who are far apart to keep in touch with each other easily. Before email, it was more difficult to stay in touch with friends who lived far away. Long distance telephone calls were expensive. And letters took so long to send and receive that they didn't let people "talk" to each other. Most people agree that email has been very helpful

in allowing people to remain friends with people they do not see very often.

However, some people think that email is changing people's social networks. In the past, a person's friends usually lived nearby. Often your best friend was your next-door neighbor. This is because you could see and talk to this person quickly and easily. When you needed help, it was easy to walk next door. This is not the case anymore. Now, when you need help, it is just as easy to email a friend about a problem.

Some people are afraid that this is harmful to local communities. People who live near each other do not know each other as well as they used to. In the U.S., there are groups who are trying to change this trend. These groups are trying to organize community events to get people together and make life in neighborhoods more like it used to be. These people don't think email is a bad thing. They just want to make sure that people interact with each other in real life, too.

**After reading the passage , write TRUE or FALSE :-**

19. Email helps people to keep in touch with other people who live far away. **TRUE**

20. Email helps people to become friends with their neighbors. **FALSE**

21- Letters didn't take so long time to be sent and received . **FALSE**

22- Email changed people's social networks . **TRUE**

23- In the past, people's best friends usually lived nearby . **TRUE**

24- Some groups are trying to help people get to know their neighbors **TRUE**

**GOOD LUCK**

- a- whom                    b- when                            c- who                    d- which

GOOD LUCK

**Read the text and answer the questions. Write T or F at the end of each statement.**

*Moby Dick* (1956), directed by John Huston and starring Gregory Peck, Richard Baderhart and Leo Genn, is a TV fantasy film adapted from the bestselling novel by Herman Melville. The story takes place in 19th century England on a whaling ship. The captain of the ship is Captain Ahab. Ahab has a fantastic story to tell about a “great white whale” which mutilated his body and almost killed him on a previous voyage. Now the captain leads his men back into the sea to take revenge. However, Ahab becomes so obsessed with vengeance that he makes some very bad decisions. The TV film takes us on a grand adventure over the waves as Captain Ahab and his crew seeks out the great sea mammal. As Ahab becomes more and more consumed by hatred, his doomed men are flung into dangerous situations. Does Captain Ahab eventually find the big whale? To find out you will have to watch the film! If you choose to watch one film version of the novel *Moby Dick*, you should choose this 1956 version. The acting is good, it is well-directed and the use of color and imagery is superb. I think it is far superior to more recently released TV film versions. Everyone who read the book and those who enjoy adventure and tales of great battles between man and beast should see this TV film. I definitely recommend it as one of the best of our times. It is staggeringly good.

- 1- The TV film is adapted from a documentary about great white whales. F
- 2-The TV film is as good as the original story told in the novel. T
- 3-The writer tells us that Captain Ahab and his crew eventually find the whale. F
- 4- There are many film versions of the original novel. T
- 5- The writer likes the TV film and the 1956 version is the best one. T
- 6- The writer recommends that the reader watches the TV film. T
