

1	Unit : 5	Cell phone
---	----------	------------

Use the following topics to write a paragraph about (Cell phone):

- 1-The history of using cell phones.
- 2- The advantages of using cell phones.
- 3- The disadvantages of using cell phones.

(Cell phone)

In earlier times mobile phones were used only for calling or texting messages. But today, cell phone helps us to watch videos, take pictures, do online shopping, and take online classes. But it may cause health problems or it may waste your time if you misuse it. Be careful not to be a cell phone addict.

2	Unit : 5	Inventions
---	----------	------------

1-Use the Questions to help you write a paragraph about Inventions:

- 1- What is an invention?
- 2- How do inventions effect on our life? give examples.
- 3- Write your opinion about inventions and inventors.

Inventions

An invention is a thing that has never been made before. They are saving time and making our life easier. For example, cars, airplanes, and computers. Most of the inventions are good and useful, so without inventions, our life will be difficult. We should thank all the inventors for their great inventions.

Use the following chart to help you to write a paragraph about **your town**:

1- Where do you live?	I live in.....
2- What facilities does your town have?	supermarkets, hospitals, malls ,parks
3- How does life differ in your town from Riyadh?	simple, crowded, lifestyle, expensive, quiet

My town

اسم مدينتك

اسم المنطقة التابع لها

I live in..... It is a small town in Riyadh region. In my town, there are a few supermarkets, a few big hospitals, and a few parks. But there are no fun lands or big malls. In spite of this, I like to live in..... Life in my town is simpler than life in Riyadh. It is less crowded than Riyadh. The lifestyle here is not as expensive as in Riyadh. I like the simple and quiet lifestyle.

1-Use the Questions to help you write a paragraph about Road Signs:

- 1- What are road signs?
- 2- How do they designed to be useful?
- 3- Why road signs are important?

Road Signs

Road signs are signs used to give information to drivers and road users. in designing road signs, we use pictures to be easy to understand for everyone. Also, we use colors, for example, red tells a driver they should stop. They help us to be safe. Without them, our roads would be random and dangerous.
