

**How it works:**

Step 1): Place a picture of an object in the center of a graphic organizer, like the one below.  
Step 2) Ask each of the questions around the picture, writing in the correct answers as they're discussed.

- **Category:** What type of thing is it?
- **Function:** What is it used for?
- **Properties:** What does it look like? (color, shape, size) What does it feel/taste/sound like?
- **Action:** What does it do?
- **Location:** Where do you find it?
- **Association:** What does it go with? or What does it make you think of?
